

1: INTRODUCTION

WHO WE ARE

OCIO Data Science Lab + The Carpentries = *This workshop*

CARPENTRIES CODE OF CONDUCT

Even though this is not technically a Carpentries workshop, we will be following the Carpentries **Code of Conduct**.

WHAT WILL WE BE COVERING?

- What are AI and Machine Learning?
- What is Machine Learning good at?
- What are weaknesses of Machine Learning?
- How to use machine learning models

WHAT WILL WE NOT BE COVERING?

- No math
- No coding

WHY ARE WE OFFERING THIS SEMINAR?

It might not seem like it, but AI can probably make your job easier right now.

As we go through the different sections today, and cover new concepts, think of how you might be able to incorporate them into your daily work.
